Product Description

Product Description:

Stainless Steel Sheet Plate is a reliable and durable product made of quality stainless steel material. It is available in a variety of lengths ranging from 1000-12000mm, and is certified by ISO, SGS, BV and other bodies. The material is stainless steel and it is processed by hot rolling, cold rolling, annealing and pickling. The width is from 1000-3000mm. It is a perfect choice for stainless steel sheet wholesalers due to its excellent price and performance. The 304 stainless steel price is very reasonable, and 304 stainless steel price per kg is also competitive.

Features:

Product Name: **Cold Rolled 304 Stainless Steel Sheet**
