

Precision Cut Slit Edge Stainless Steel Coil With 0.3 - 3mm

Basic Information

- Place of Origin: china
- Brand Name: Tai-steel
- Certification: ISO, SGS, BV
- Model Number: 304
- Minimum Order Quantity: 5-T
- Price: 2500\$
- Delivery Time: 7-15 Days

Product Specification

- MOQ: 1 Ton
- Edge: Slit Edge, Mill Edge
- Package: Standard Export Seaworthy Package
- Material: Stainless Steel
- Thickness: 0.3-3mm
- Length: 1000-6000mm
- Highlight: **Precision Cut Stainless Steel Coil,
Slit Edge Stainless Steel Coil,
0.3mm stainless steel 304 coil**

Product Description

Product Description:

We offer a range of stainless steel coil options to suit your specific needs. Choose from 316 Stainless Steel Coil or 304 Stainless Steel Coil, both of which are available with surface treatments including polishing and galvanizing. Our coils are manufactured to meet a range of industry standards, including ASTM, AISI, DIN, EN, GB, and JIS. This ensures that our products are compatible with a wide range of applications and can be used with confidence. Our coils are available in a range of lengths from 1000mm to 6000mm, making them suitable for a range of different applications. Plus, with a minimum order quantity of just 1 ton, you can order the exact amount you need without having to worry about excess inventory. When it comes to packaging, we offer a standard export seaworthy package to ensure your coils arrive safely and in perfect condition. This means you can order with confidence, knowing that your products will be delivered on time and in great condition.

Features:

Product Name: Stainless Steel Coil

Thickness: 0.3-3mm

MOQ: 1 Ton

Certification: ISO, SGS, BV

Length: 1000-6000mm

Delivery Time: 7-15 Days

Our Stainless Steel Coil Factory offers high-quality 304 Stainless Steel Coil at a competitive Stainless Steel Coil Price.

Applications:

If you are looking for high-quality Stainless Steel Coil Suppliers, Tai-steel is a reliable brand name that you can trust. Our Stainless Steel Coil is made of premium quality 304 Stainless Steel Coil, which is one of the most widely used and versatile stainless steel materials. Our Stainless Steel Coil is certified with ISO9001, ensuring its quality and authenticity. We offer a minimum order quantity of 5-T, and our price is competitively priced at 2500\$.

Our Stainless Steel Coil is widely used in various industries, including construction, automotive, home appliances, and many more. It is ideal for applications that require high strength, durability, and corrosion resistance. The Stainless Steel Coil is available in different sizes, with a width ranging from 1000-1500mm, conforming to ASTM, AISI, DIN, EN, GB, and JIS standards.

Our Stainless Steel Coil is perfect for various surface treatment, such as polishing and galvanizing, to enhance its aesthetic appeal and functionality. It is also available in a Standard Export Seaworthy Package, ensuring its safe delivery to different parts of the world.

The Stainless Steel Coil is perfect for various applications, including:

Automotive Parts: Our Stainless Steel Coil is widely used in the manufacturing of automotive parts, including exhaust systems, catalytic converters, and many more.

Construction: It is ideal for construction applications, such as roofing, cladding, and structural applications.

Home Appliances: Our Stainless Steel Coil is used in various home appliances, including refrigerators, freezers, washing machines, and many more.

Medical Equipment: It is widely used in the manufacturing of medical equipment, including surgical instruments, dental equipment, and many more.

Our Stainless Steel Coil is also suitable for various scenarios, including:

Industrial Applications: It is suitable for various industrial applications that require high strength, durability, and corrosion resistance.

Architectural Applications: Our Stainless Steel Coil is an excellent choice for architectural applications that require an aesthetically pleasing finish, such as cladding, roofing, and facades.

Food Processing: It is widely used in the food processing industry, including the manufacturing of kitchen equipment, food storage, and many more.

Our Stainless Steel Coil is available for delivery within 15 worker days, and we accept various payment terms, including T/T, L/C, Western Union, and MoneyGram. Contact us today to place your order or to learn more about our Stainless Steel Coil.

Packing and Shipping:

Product Packaging:

The stainless steel coil will be packed in a wooden crate or pallet to ensure maximum protection during transportation. Each coil will be wrapped with a protective covering to prevent any scratches or damage during transit.

Shipping:

We offer worldwide shipping for our stainless steel coil product. The shipping cost will be calculated based on the destination and weight of the shipment. We use reputable shipping companies to ensure timely and safe delivery of our products.

FAQ:

Q: What is the brand name of the stainless steel coil?

A: The brand name of the stainless steel coil is Tai-steel.

Q: What is the model number of the stainless steel coil?

A: The model number of the stainless steel coil is 304.

Q: Where is the stainless steel coil manufactured?

A: The stainless steel coil is made in China.

Q: Is the stainless steel coil certified?

A: Yes, the stainless steel coil is ISO9001 certified.

Q: What is the minimum order quantity for the stainless steel coil?

A: The minimum order quantity for the stainless steel coil is 5-T.

Q: What is the price of the stainless steel coil?

A: The price of the stainless steel coil is 2500\$.

Q: How long does it take for delivery of the stainless steel coil?

A: It takes 15 worker days for delivery of the stainless steel coil.
